Hi Taylor,

Thank you for your email and the confirmation as to the causes of action. We will get back to you on the rest of your email, but in the interest of time, we will agree to abide by the current PO (ECF No. 156) for the limited purposes of obtaining EchoStar/Dish related documents with MoCA. (We will let you know if we would like modifications to the PO with respect to party discovery as we did not have input in the document.) Could you please send the notice out tonight and see if we can receive the documents as soon as possible?

Hi Bitu,

We confirm that the counterclaims directed to MaxLinear are 3, 4, 5, and 6.

With respect to the MoCA related materials, the MoCA Promoter Agreement requires notice to MoCA before we can produce it. Can you confirm that MaxLinear's counsel is bound by the Court's Protective Order in this case, specifically with respect to outside counsel only documents? It is not clear to us from the current status of the pleadings whether MoFo is yet bound by the PO. We also note that MaxLinear's Promoter Agreement with MoCA is relevant to the third party beneficiary claims. Please let us know if MaxLinear will produce that agreement.

We have not yet determined whether we will amend the counterclaims. We will make that determination after reviewing the motion to dismiss. If you would like additional time to file your motion to dismiss we are open to stipulating to a 30 day extension.

Best regards,

Taylor

Hi David and Taylor,

Thank you again for the call. We look forward to receiving today the confirmation on the claims that Dish has asserted against the Maxlinear clients as well the requested MoCA related materials.

I know that you all were going to do some thinking after our call, but if you are contemplating amending the counterclaims, it probably makes sense for us to jump on one more call today to figure out logistics.
